## **Press Release**

### **MSEIT Organizes Orientation Program**

School of Engineering & IT, MATS University organized an orientation program of the newly joined students on 18th August 2018. The program gave the students and parents an opportunity to familiarize themselves with the College's vision, mission, infrastructure and facilities. The event began with a welcome note followed by Saraswati Vandana and a welcome song by senior students. Dr P Udayakumar, Principal, addressed the audience and proudly gave them an overview of the engineering college, its achievements in various fields and the opportunities it provides its students to develop holistically and become global citizens.

Vice chancellor Colonel Prof Byju John addressed the students about the various qualities they need to inculcate in themselves in order to become good engineers. It was an inspiring session where he highlighted the role of engineers and the importance of communication and technology. Chancellor Gajraj Pagariya advised the students to work hard for four years and lead a comfortable life for four decades. The session also addressed several queries of the parents about the college and its expectations from the students. Parents and students were then introduced to the HODs and teachers, Prof Akash Deep Kushwaha proposed vote of thanks, following which the students were taken to their classes.
