

## Client Server Technologies and Their Application

One-day workshop on the topic “Client server Technologies and their application” was organized by MATS School of Information Technology, MATS University Raipur (C.G.) from 1<sup>st</sup> to 4<sup>th</sup> February 2017. The Trainer from IIHT communicated with the students perusing the degree of under and post-graduation.

Students received a great platform in understanding the paradigm of computation like 1 tier, 2 tier, 3 tier, n tier and distributed client server architecture. Their development model, need and benefit over traditional application development approach.
